## مقبيرتمتي

يقول اللاتينيُّون «Sacpe viatorem nova non vetus». أي يَنخدِع المسافر غالبًا بالطريق الجديدة لا القديمة. والحُجّة في ذلك أنَّ عِلمك بطبيعة الشيء يُتيح لك التحوُّط لمخاطِره وأنَّ ركوب الجديد قد يكون وبالاً عليك. وبعبارة أخرى: خذ بما أخذ به غيرك وجَرَت به التقاليد فهو أَجْلَبُ لسكينة البال وأمْنَعُ للنقد وأقالُ مُوجَعَة للرأس.

ومن الناس من يأخذ بهذا ومنهم من يَضيق به فيعصِرْ فِكرهُ ويُقلِّب دماغه بخنًا عن الأحسن لَعلّه أن يضاعف نفعًا أو يُحرِّك جامدًا لخير. واذا كان التطوُّر طبعًا وأثرًا لازِمَيْن للهيئة التي خُيل عليها أو الطّينة التي قُدَّ منها دماغ المخلوق البشري . فإنَ الظروف التي يعيشها هذا المخلوق لا تَعدَم أحيانًا أن يكون لها سهم وافٍ في قبض التطور وتبليد المشاعر.

وقد مرَّت بنا ، أَهلَ اللغة العربية ، حِقَبُّ طويلة عريضة صَحَونا فيها من اكتِنان الجاهليّة وانطلقنا في دروب التطور ولم نكن عليها مجرَّد سائرين بل عَدَّائين في الطليعة قَرنًا بعد قَرن حتى نفدت هِمَّنَا وعْدنا للجُمُود نَغِطُّ في اكتنان جديدٍ عَبْرَ قرونٍ طويلة من الوان الاستعمار حتى كاد الجُمُود أن يصبح عندنا طبعًا ونَهْجَ حياة.

ولعل اللغة العربية ما فتئت تعاني بعض مظاهر هذا الجُمود ، كأن بها مِن تلك القرون الماضية داء تصلُّب الشَّرايين ولُوثة الفزع من الانفتاح على ألوان المعرفة ، التي تجمعُها الشُّعوب العِملاقة من آفاق العلم ، والتوجُّس المَرَضي من المُرونة والدُّلوفِ نحوَ الاستيعاب والتّعريب السلس .

من هذه المعاناة ما نراه في المُعجم العربي أو في الأسلوب الذي ينتهجُه هذا المُعجم منذُ الخليل بن أحمد النّحْوي. فالمعجم العربيُّ اجمالاً لا يزال يستمسِك بالمَثَل اللاتينيّ ويمقُتُ التغيير. وقد تسرَّبت هذه الطريقة بالعَدوى إلى المعجم المُرْدوج اللّسان وهي بُؤرةُ الدَّاء والخصيصةُ الفريدةُ التي تُميزُ المعجم العربيَّ عن الإفرنجي بتوعُّر المَطلَّب وصعوبةِ المُزاولة. آيةُ ذلك أنك إذا أردت الرجوع إلى القاموس الإفرنجي في معنى إحدى الكلمات وجدته على حَبْل ذراعك كما يقولون ولم يلزمُك شيء خلا الإلمام بحروف كلمتك. لكنك اذا أردت الرجوع الى المعجم العربي لتفسير كلمة غريبة فلن يكفيك مُجرَّدُ الإحاطةِ بحروفِ هذه الكلمة، بل لا بد لك من أن تكون مُلمًّا بقواعدِ الصَرفِ وأوزان الأفعال ومحرداتها ومَزيداتها عالِمًا بأصول الإدغام والإعلالِ لا يشواعدِ الصَرفِ وأوزان الأفعال ومحرداتها ومَزيداتها عالِمًا بأصول الإدغام والإعلالِ لا يشواعد الصَرفِ وأوزان الأفعال ومحرداتها ومَزيداتها عالِمًا بأصول الإدغام والإعلالِ لا يشواعد الصَرفِ وأوزان الأفعال ومحرداتها ومَزيداتها عالِمًا بأصول الإدغام والإعلالِ لا يشواعد الصَرفِ وأوزان الأفعال وتجردته في سبيل العثور على موقعه في المعجم. فاذا أردت كلمة «اشتهى» فهي في باب «شها» واشرأب في شرب واستقام في قوم وانتزع في نزع كفمة في وخم واستيقظ في يقظ وتقابح في قبح ومؤامرة في أمر إلى غير ذلك.

ولا مِرِيَةً في أنَّ من يراجع هذا المعجم (المزدوج) من رجال المهنة القانونية وغيرهم لن تُعجِزَه قواعد الصرف ومتعلقات المشتقات والمصادر والاوزان. وفي رأيي أن التدريب التطبيقي على هذه القواعد له مراجعه الخاصة وأن الذي يطلب في اللغة الانكليزية مثيلاً لكلمة عربية لا يهمُّهُ التحقيق فيما اذا كانت كلمته العربية ثلاثية أو مجردة أو مَزِيدة ولا ينشدُ غيرَ الوُصولِ إلى طلبتِه من أقرب الطرق. ولا رَيْبَ في أن خوض القواعد الصرفية واختبار الاوزان طريقة تقليدية عريقة لها قُدس وعُشَّاق ، غيرَ أن فرضها على الباحث في هذا المعجم وأمثاله من المعاجم العربية – الإفرنجية هو عُسر لا يُسر وعِب، لا يُحدي. وهذا ما دعاني الى اطراح الطريقة التقليدية وإبدالها بما يُجدي الباحث. واذا أعوزتنا همة الاختراع فلا يَضيرُنا أن نستعير اليُسر والتبسيط ممن سبَقنا فيه من أصحاب المعاجم الافرنجية.

وهكذا يا سيدي القارئ. فهما يكُن أَصلُ كلمتِك أو وزنُها فستجدها على حالها دون تجريد (إلّا طبعًا من ال التعريف وياء المضارعة) كما تجدها في المعجم الإفرنجي مُدرجَةً في باب حرفها الأول تَبعًا لِمَقام حروفها الأخرى من التدرح الأبجدي.

يتناولُ هذا المعجمُ المصطلحات القانونيّة أصلاً وأساسًا كما يتناول مُفرَداتِ المواضيع المشارِ إليها في غِلاف المعجم بالاضافة إلى جذور العديد من المصطلحات الفنية الثابتة.

وأعني بالجذور مُقومًات المصطلَحات. فاذا أردت معنى «طاقة كهربائية» مثلاً ، وجدت «طاقة» تحت الطاء و «كهربائية» تحت الكاف وترتب عليك جَمع الكلمتين. وقد آثرت الاقتصاد المعقول في هذا الباب نظرًا لضيق المقام. وكذلك أوردت ما ينسجم مع تسلسل المفردات الأصلية مما لا تنحصر فائدته في المحامي والمتصل بالمهنة القانونية بل تتجاوز ذلك إلى الصَّحافي والمترجم والمعلم والطالب والأديب بوجه عام. ولم أحاول أن أتقفى معاجم اللغة العربية العامة كي أحصر عشرات المرادفات التي قد تُوجد للسعنى الواحد بل اكتفيت مثلاً لمعنى «قرابة» بمرادفين مألوفين أو ثلاثة دون أن أورد غير ذلك من المرادفات البعيدة . كلُحمة وحامة وقصرة وسخيمة وكتيفة وأمثال ذلك من غير الشائع. ولم فصحينة دون أن أورد مثلاً كلمة وغر وسخيمة وكتيفة وأمثال ذلك من غير الشائع. ولم توسيع نطاق المعجم القانوني (انكليزي – عربي) توسيعًا معقولاً كما يفعل الصيدلي مثلاً باضافة غير الأدوية الى بضاعته طَمعًا في تكثير زبائنه. ولا يصِح أن يُقال له أبن الجبن والسمك الطارج والأحذية لأن في هذا تجاوزًا للمعقول. فلا بد من رجائك أيها القارئ الفاضل أن لا تمكة المعجم فوق نطاقه القانوني ، وعساه في هذا أن بلي الحاجة وعساك الفاضل أن لا تمكة ذلك غاية المبتغى ، والله المستعان.

حارث سليمان الفاروقي

## **Preface**

In a traditional Arabic dictionary, a word beginning with the first letter of the alphabet may have to be looked up under the last letter as in the case of أيس أيسل أيس أيفظ etc. Hence the contrast with the western dictionary which has persisted since the time of Al-Khalil Ben Ahmad, the father of Arab lexicography.

Even in modern Arabic dictionaries, initial letters may be of no significance in deciding the location of words in the dictionary. In order to trace a word you must first find out its primitive rhythmical root. Once found, this root has to be laid across your word and any letters that do not coincide with it must be dropped out. Your next step should be to look up the remaining radical combination in alphabetical order and then delve for your word among hordes of terms that can emerge from the same combination.

Seeking to simplify lexical use by eliminating the process of dressing terms to certain root measurements, I have arranged the entries in this dictionary according to their absolute alphabetical order.

This system is in conformity with the system used in western dictionaries, and in fact was the system of many specialized Arabic dictionaries as early as the 15th century.

Albeit legal terminology is the principal concern of this dictionary, other terms from related fields like insurance, commerce, finance and diplomacy, have been entered in the hope of rendering it more widely serviceable.

Practical usefulness and simplicity of approach through elimination of grammatical inhibitions have been a constant aim in compiling this work. And to the extent of fulfillment, it is a new lexicon with a new road.

Like most such roads, this one too will have its pits and falls but may eventually lead, I pray, to a less involved Arabic-English dictionary.

H.S.F.
